HANDS-ON HORTICULTURE DAY **SEPT. 27**

Interact with experts and explore career opportunities in **horticulture** and **turfgrass**.

High school students and teachers are invited to the University of Guelph to explore plant identification, physiology, and management at the facilities of the Guelph Turfgrass Institute. This day-long event is well suited for the priorities and requirements of Horticulture and Landscaping SHSM majors and the Green Industries program. BBQ lunch provided.

Guest Speakers:

- **Rob Heggie** is the Head Grounds keeper at Maple Leaf Sports & Entertainment. He oversees all aspects of grounds maintenance for Toronto FC, Toronto Argo's, BMO Field and the KIA Training Grounds.
- **Ben Cullen** is a gardener extraordinaire. He works alongside gardening expert Mark Cullen to write weekly columns in the Toronto Star and make appearances on Global's Morning Show and the Weather Network.
